ACCOUNTING NEWS

Mrs. Tribby btribby@scspk12.org

To Do List:

- Read syllabus
- Student sign up for Google Classroom & GoGuardian
- Complete unit 1 study guide on Aplia

Welcome to Accounting

Accounting is geared toward the financial sector of business. Students will study financial and managerial accounting through Aplia. Aplia is an online tool that enables students to complete assignments digitally. All assignments for Accounting will be done through the Aplia platform.

“Go confidently in the direction of your dreams and live the life you have imagined for yourself.”

I will send out newsletters each week to keep you informed about upcoming tests, assignments, and FBLA events. All students taking a business class are encouraged to join FBLA. For more information on FBLA, see the handouts in Google Classroom. If you would like an emailed copy, please let me know.

Chromebooks

Students will be using Chromebooks daily in Accounting. Please help make sure students are charging their Chromebooks each night and are prepared for class the next day.

Unit 1 Objectives Students will be able to:

Identify the Accounting Equation

Explain the difference between debits and credits

Analyze how assets contribute to a general ledger
